Information to Parents/Guardians

Dear Parent or Guardians,

Last week, we contacted you regarding a growing health concern about drug overdoses. Ottawa Public Health has prepared a fact sheet for parents and students that may answer many of the questions you or your child have. I have attached both fact sheets for your information. You can also learn more about drug overdoses in the information provided at:

<http://ottawa.ca/en/residents/public-health/healthy-living/alcohol-drugs-and-tobacco/drugs#ottawa-overdose-prevention>

In addition, you may find this website useful:
<http://www.parentinginottawa.com/en/index.asp>

I will continue to work with our community partners and keep you informed of any updates.

Sincerely,

Jean Fulton-Hale
Principal
